Product features

- Rectangular hole
- Terminal output
- Sub-plate mounting/Platen mounting optional

Installation diagram

Wearing copper platoon method at a time

Product application

- Ac motor
- Lighting equipment
- Air compressor, etc. Current measurements
- Monitoring and protection
- Agricultural network renovation project

1. Hold down the product and screw and unscrew the cap counterclockwise

2. Take out the screw and pull out the lower part

Product advantage

- Adopt high permeability silicon steel, good linearity and high sensitivity
- Terminal design in high enough safe distance at both ends
- The end cover is of buckle structure with high mechanical strength
- Easy installation
- Various sizes available (other models of the same series)

3. In the copper platoon
